Julie Alm
Principal

Dear ACES Families:

Since ACES has opened its doors in August of 2003 we have been and continue to be committed to academic excellence. Our ability to provide the very best education for your child is enhanced through your commitment to our school. Please take a moment to consider the opportunity to make a donation to ACES while also permanently honoring your child, family or school staff member.

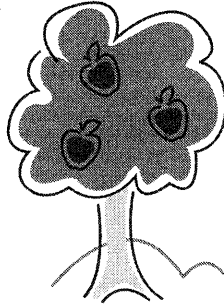

"The Tree of Knowledge" is a 7'X8' apple tree made out of acrylic. It is mounted in the front hallway for all to see. The apples are for sale to people and families who want an everlasting memory of their experience here at ACES. The apples will be engraved to the donor's specifications. The tree holds 240 apples.

**We encourage you to visit ACES to see "The Tree of Knowledge".
The cost to purchase an apple is \$100.00.**

For more information on how your donation is helping to make a difference in the lives of our children, we invite you to visit our web site at www.aventuracharter.org . You can also find information there on our upcoming events for this year and parent volunteer opportunities.

Thank you,

Julie Alm
Principal

**“The Tree of Knowledge”
ORDER FORM**

We encourage you to visit ACES to see “The Tree of Knowledge”.
