

2nd Annual Alumni Return Creates Remarkable Experience for ACES 8th Grade Students and Graduates

ACES held its 2nd Annual Alumni Return Day. Over seventy five alumni returned to ACES to see old friends and to catch-up with their former teachers. A panel of 4 speakers shared their high school experiences with ACES current 8th grade students. A question and answer session followed where 8th graders got an opportunity to ask graduates questions regarding what to expect in High School. Throughout the dialogue former students resoundingly attributed the teachers at ACES with having the greatest impact on their current success by providing them with a foundation to be confident, caring and hardworking High School students.
