

## THE ACES COMMUNITY GETS FIT TOGETHER RUNNING THE “ING MARATHON”

---

Aventura City of Excellence School students participated in the “Run for Something Better” ING Marathon. Working very hard to prepare, students logged 25 miles in their PE class’s months ahead to train for the final race that took on Jan. 27, in Miami. Staff and parents trained ahead as well to share the final race experience with ACES students and to strive for fitness. Together all completed the final 1.2 miles of the ING race in Miami. ACES students proudly displayed their medals and wore their ING T-shirts, enjoying the great workout and camaraderie that led to success. Parent Volunteer, Ms. Zappi, ACES Teacher, Ms. McMullen and ACES Coaches successfully coordinated the efforts for Aventura City of Excellence School family.

*The ING Run for Something Better is an important program that aims to change the lives of children so that they may be healthier and active, preventing the effects of childhood obesity and sedentary lifestyles.*
