

Celebration of Women's History Month March 2009

The "I Come from Women" musical theatre for ACES third grade featured a unique, high energy, interactive musical performance spotlighting the lives of women in art, science and history --both renowned and unknown whose lives and work impacted and inspired our own. Students learned about Rosa Parks, Virginia Woolf, Abigail Adams Susan B. Anthony, Marjory Stoneman Douglas Harriet V. Moore (mentor to MLK), Frieda Kahlo, and the song weaver's own Native American foremothers. The works & words of these great women came to life through Actress/Songwriter Amy Carol Web's storytelling, songs, guitar, and a slide show of period photos. ACES students enjoyed learning about Women's History while they participated by singing and clapping. Students gave the actress a standing ovation for her performance.
