

ACES STUDENTS REPLACED BY BOOK CHARACTERS

Aventura City of Excellence School students traded places with their favorite story book characters this week to kick-off ACES annual Scholastic Book Fair event. Not only did students come to school dressed as their favorite story book characters, but they also carried the books that their favorite characters are featured in.

A contest was held for the best dressed characters in each classroom to be invited down to the AM TV Show Series. This gave the winners an opportunity to showcase their costumes and books to inspire the student body about new possibilities for reading and purchases at this year's Book Fair.

The event fosters students' love of literacy in a fun and exciting way and encourages family participation.
