

## ACES Students and the City of Aventura's

# Intergenerational Learning Veteran's Day Project

ACES Intergenerational Learning Program puts "Seniors First" through school-wide service learning projects and activities where students and seniors spend meaningful time together and both groups benefit from their shared experience together. Students in different grades prepared for the City of Aventura's Veteran's Day Ceremony by interviewing Veterans from the Classic Residence by Hyatt and citizens from the City of Aventura. Then students created autobiographies, essays and poems on the senior veterans. ACES students Samuel Kutrokov, Emily Tennen and Sabrina Piper were chosen to read their original works to honor Alan Gottlieb, Marvin Appeal, and Former Commissioner Holzberg at the City of Aventura Veteran's Day Ceremony. ACES 4<sup>th</sup> and 5<sup>th</sup> grade chorus sang patriotic songs. Aline Lacerda sang the National Anthem leading to a unique moment of bonding with some of the Classic Residents. Shortly after, Classic resident Rabbi Sy Friedman invited Aline to their community to be interviewed in their Live Monthly News Show, which will give many more Classic seniors the opportunity to learn from ACES younger generation.
