

## Red Ribbon Week

# ***STUDENTS RALLY TO SAY “NO TO DRUGS”***

ACES and the City of Aventura teamed up to educate ACES students about the negative impact drugs have on one’s life. ACES school resource officer Manny Gonzalez teaches students that saying “NO” to drugs is always the best choice. During Red Ribbon Week, students demonstrated their commitment to living a drug free life through both classroom and school wide activities including dress down days, door decorating contests and art projects. Students discussed the importance of making positive personal choices now and in the future.
